

Home Visiting Research Form

1. Project Name:
2. Principal Investigator (name and contact information)*:
3. All Funding Sources Available for this Project:
4. Total Cost Estimate for Project (note: please also attach a budget):
5. Brief Abstract summarizing core research questions and methodological approach (50- 75 words):
6. Proposed Time Frame:
Date project began (or will begin) -
Anticipated completion date -
7. Program sites engaged in the research and HV model being implemented:
 - a. Do you have prior experience working with these programs?
 - b. Do you have agreements signed with these sites to participate in this specific research project?
 - c. If not, how do you plan to secure this commitment?
8. Anticipated number of participants in the study:
Providers -
Participants -
9. Core outcome and measures being used to capture each construct:
10. Data collection methods:
11. Current status: (Design phase; data collection underway; data collection completed; analysis?)
12. What potential challenges do you anticipate facing in conducting this research? How will you address them?
13. Have you completed comparable research studies in the past five years? If so, please include a brief description and resumes for all key staff for each study.

*Please include resumes for all key staff with this form.
